### School District:

---

Education is serviced by the Niles Community Schools.

Their website can be found at: [www.NilesSchools.org](http://www.NilesSchools.org)

The Niles Community School district was rated 7 of 10 points at GreatSchools.org.

This rating comes from the districts schools test results. The scale is based on 10 being the highest score and 1 as the lowest score. Great job Niles Community Students and Teachers!

### Police Department:

---

We do not have regular needs of law enforcement. But, it's always good to know who is there to call in cases of emergency. Previously the Howard Township police department was our community's local law enforcement. Links can still be found online with an old phone number which as been disconnected.

**THIS IS WRONG ONLINE INFORMATION.**

The correct police department is the **Cass County Sheriff's Department**

No number is needed; just call 911 in case of emergencies!

### Howard Township:

---

Our water and sewer is managed by the park community. However, if the community ever had a problem which was to large for our community to handle, our water and sewer service needs would be addressed by Howard Township.

If you would like to do volunteer, work with the board of trustees or get involved with local zoning ordinances. Our community is located in Niles, Michigan – but our local government begins with Howard Township.
